

Webinar Training

dormakaba Access Control Education Series

Webinar Topic:

Keyscan Aurora E-Plex Integration Overview

Course Description

Aurora is also a hybrid system bringing together wired and wireless doors into one platform seamlessly. E-Plex wireless is a very cost-effective solution that bridges the gap of those hard to wire doors and offers pin and RFID technology in an all-in-one solution.

Content:

This training session will cover the following subjects:

- Overview of E-Plex wireless technology
- Review of E-Plex wireless hardware
- Review of E-Plex wireless applications
- Overview of Aurora E-Plex wireless integration

A brief question-and-answer period will be held at the end of the seminar.

Who Should Attend

This course is ideal for sales personnel and service technicians looking to learn more about hybrid solutions.
