

# Webinar Training

## dormakaba Access Control Education Series

### **Webinar Topic:**

Keyscan Aurora People Management

### **Course Description**

With its bold design and advanced engineering, Aurora eclipses all other access control software platforms. See what Aurora can offer: sleek navigation, intuitive user interface screens, people-centric architecture and a host of other worthwhile features.

### **Content:**

This 1-hour training course covers both Aurora's functionality and requirements to configure the software within a Keyscan Access Control System. Some of the training highlights include:

- Adding Groups
- Creating Group Access Levels
- Adding People
- Managing People
- Photo Badging
- Transaction Reports

A brief question-and-answer period will be held at the end of the seminar.

### **Who Should Attend**

This course is designed for sales personnel and service technicians who are familiar with Keyscan Access Control Systems.
