

# Webinar Training

## dormakaba Access Control Education Series

### **Webinar Topic:**

Keyscan Aurora Web

### **Course Description**

Keyscan's Aurora Web interface allows you to manage your Keyscan access control system from any web-enabled computer, laptop, tablet or mobile phone. Perform updates and maintenance tasks using the Aurora Web Client's available functions from the comfort of wherever you may be located. It is the ideal solution for those who need, or want, true mobility and remote access.

### **Content:**

This 15-minute training course covers both Aurora's functionality and requirements to configure the software within a Keyscan Access Control System. Some of the training highlights include:

- Overview of Aurora Web requirements
- Overview of Aurora Web

A brief question-and-answer period will be held at the end of the seminar.

### **Who Should Attend**

This course is designed for sales personnel and service technicians who are familiar with Keyscan Access Control Systems.
